

HERITAGE VEGETABLES

White beetroot

A white-fleshed beetroot, mild and sweet, that does not stain.

White beetroot has the same sweetness as red beetroot, without its colour: its cream flesh does not bleed onto other vegetables or the plate. It allows colour combinations with the yellow and Chioggia varieties. It is delivered loose and keeps well chilled.

FLAVOUR
mild, sweet, not very earthy

ORIGIN
Netherlands

Seasons and origins

Peak season · Early · Late · Rare
