

FRUIT

Tangelo lemon

A hybrid citrus fruit with abundant juice, between the tartness of the pomelo and the sweetness of the mandarin.

The tangelo lemon is a citrus fruit from a cross between mandarin and pomelo or grapefruit. Its thin skin, orange to yellow, peels easily and its flesh is very juicy, with a lively sweet-tangy balance. It is enjoyed fresh, in juice or in segments. It keeps well in season.

FLAVOUR

Tangy, juicy, a balance of sweet and sharp

Seasons and origins
