

EDIBLE FLOWERS

Red oxalis

A small, delicate flower with a tangy liveliness, for a touch of freshness.

Red oxalis offers small delicate flowers and purple clover-shaped foliage. Its tangy, lively, refreshing flavour recalls sorrel. Very graphic, it is placed in fine touches on plates and brings both colour and a contrast of taste. Fragile, it should be handled with care and preferably used on the day.

FLAVOUR
tangy, lively, close to sorrel
