

FRUIT

Pomegranate seeds

Ready-to-use pomegranate arils: shiny, crunchy and tangy.

This product consists of pomegranate arils, already removed from the fruit: small, translucent, ruby-red seeds coated in fragrant juice. They bring brightness, crunch and acidity to both savoury and sweet dishes. The 1 kg tub saves the lengthy step of seeding and reduces waste. Keep chilled and use quickly once opened.

FLAVOUR
Tangy, juicy, crisp

Seasons and origins

Peak season · Early · Late · Rare
