

FRUIT

Lychee on the branch

The lychee sold on the branch, with pink skin and fragrant, juicy flesh.

The lychee is a small fruit with rough pink-red skin that comes off easily to reveal translucent white flesh, juicy and fragrant. Its sweet, floral taste recalls rose and muscat. Sold on the branch, it keeps its freshness better and makes an attractive presentation. It is eaten plain or in desserts, preferably quickly.

FLAVOUR

Sweet, floral, muscat and rose

Seasons and origins

Peak season · Early · Late · Rare
