

FRUIT

Drinking coconut

A young coconut with fresh, sweet water, to open and enjoy with a straw.

The drinking coconut is a young coconut, often trimmed into a white cone, which holds clear, fresh, lightly sweet water. Its flesh is thin, gelatinous and tender, to be eaten with a spoon. It is in great demand for cocktails, juice bars and tropical presentations. Keep chilled and open to order.

FLAVOUR
Fresh, lightly sweet, milky

ORIGINS
