

FRUIT

Yellow watermelon

A watermelon with golden yellow flesh, sweet and full of freshness.

The yellow watermelon has a green rind and bright yellow flesh, crunchy and full of water. Its taste is sweet, recalling honey and melon, with a more marked sweetness than the red watermelon. Its unusual colour adds a graphic touch to fruit compositions and buffets. It is cut into slices, cubes or scooped with a melon baller.

FLAVOUR
Sweet, juicy, hint of honey
