

CRESS & MICROGREENS

Rock Chives

A fine chive topped with its black seed, with a mild garlic taste.

Rock Chives is a young chive with very fine stems, recognisable by the small black dot of the seed left at their tip. Its mild garlic flavour sets it apart from other chives. It adds a playful touch to plating and perfectly scents a herb butter, an oil or a tzatziki.

FLAVOUR
Mild garlic, light onion
